BALL END TURNBUCKLE - ANGLED TERMINATION ON METAL POST

(Details typical for 1/8", 3/16" & 1/4" cable)

- Screw-on turnbuckle ball end
- Drill holes through post at stair slope angle. Confirm drill diameter with manufacturer.
- If desired, ball ends can be slightly recessed into the post by counterboring with a 9/16" drill.

Metal tubular post (not recommended for wood posts)
Note: Other types of metal posts may be used. Refer to catalog for list of recommended minimum sizes & types.

For guardrail in-fill space cables maximum 3" O.C.
