

The image shows a technical drawing of a mechanical component, possibly a bracket or a part of a machine. The drawing is rendered in red lines on a white background. The component has a vertical section on the left that is curved, and a horizontal section on the right. A dimension line is drawn vertically on the left side, with arrows at both ends, indicating a height of 1.863 inches. The text "1.863\"" is written in red next to the dimension line. The component itself has a curved vertical edge on the left, a horizontal top edge, and a horizontal bottom edge. There are some small details, like a small notch or hole on the top horizontal edge and a small protrusion on the bottom horizontal edge.

1.863"
