

End posts and corners need to be made from the following minimums:

- Round Pipe 1-1/2" ID Schedule 80
- Square Tube 2" x 2" x 1/4" Wall
- Angle Iron 2" x 2" x 1/2"
- Flat Bar 2" x 1" (widest dimension should be inline with cable tension)
- Wood Post 6" x 6"

The following is only a guideline. Please check your local building code for use of cable rails.
Please Note: Johnson Architectural Hardware does not make framework. Framework needs to be made by a steel fabricator.
