

Champion Glass | Project Profile

HOME TOWNE
STUDIOS by RedRoof®

Project Location:
4470 Executive Drive
Ft. Myers, FL 33916

The Challenge:

The project required an impact-rated guest room window system integrating PTAC louvers while maintaining a clean interior appearance and simplifying installation of plumbing and electrical services.

Champion Glass Solution:

Champion Glass provided the 325 Series integrated window/louver system incorporating the Champion condensate channel, resulting in a cleaner interior finish, reduced drywall work, simplified routing of utilities and faster installation.

Project Specs:

- **Impact Project**
- **9/16" Laminated Glass**
- **Clear Anodized Finish**
