Description This product is a clear, breathable, ultra-low-VOC treatment for concrete, brick, concrete masonry units, tiles, EFIS, pavers, natural stone, paint, and other building materials. **Protectosil AQUA-TRETE SG** is a multifunctional system that provides superior water and stain resistance and also performs as a sacrificial antigraffiti coating. The primary function of **Protectosil AQUA-TRETE SG** is to repel water and oil based materials that cause staining, thereby making cleaning easier. The unique multifunctional chemistry makes the **Protectosil AQUA-TRETE SG** inherently UV stable. This feature allows longer surface repellency than is offered by competing technologies. **Protectosil AQUA-TRETE SG** decreases such problems as dirt buildup, staining and graffiti tagging.

The sacrificial antigraffiti properties protect surfaces from different types of graffiti, including spray paint, permanent markers, ink, bituminous paints, and other water or solventborne paints. By reducing the ingress of contaminants and graffiti, **Protectosil AQUA-TRETE SG** prevents any adverse change in the surface appearance of the substrate. The natural moisture vapor transmission remains unaffected, leaving treated surfaces fully breathable and eliminating problems caused by entrapped moisture, including blushing and freeze-thaw damage to the substrate.

Release Date 2016-08-10

SUMMARY DISCLOSURE

The content of this product was assessed for health hazard warnings as required using Pharos

Residuals Disclosure

- Measured 100 ppm (ideal)
- Measured 1000 ppm
- Predicted by process chemistry
- As per MSDS (1,000 & 10,000 ppm)
- Not disclosed
- Other

Full Disclosure of Intentional Ingredients

Yes No

Full Disclosure of Known Hazards

Yes No

Disclosure Notes

Disclosure of residual could allow for competitors to back engineer what the main ingredient of our product is.

Contents in Descending Order of Quantity

WATER , Organofluorine compounds

Hazards

- PBT (Persistent Bioaccumulative Toxic)
- Cancer
- Gene Mutation
- Development
- Reproductive
- Endocrine
- Respiratory

Highest concern GreenScreen score - no ingredients benchmarked

- Neurotoxicity
- Mammal
- Skin or Eye
- Aquatic toxicity
- Land toxicity
- Physical hazard
- Global warming
- Ozone depletion
- Multiple
- Unknown

Total VOC Content

Material (g/L) 0.00
Regulatory (g/L) 0.00

Does the product contain exempt VOCs?

N/A Yes No

Are there VOC-free tints available?

N/A Yes No

VOC Content

Not tested

The HPD Standard is solely a declaration of product content and direct health hazards associated with exposure to its individual contents. It is not a full assessment of environmental impacts from the life cycle of this product. It is not an assessment of risks associated with actual use of the product. It does not address the potential health impacts of substances used or created during manufacture that do not appear in the final product as residuals, nor substances created during combustion or other degradation processes.

This Health Product Declaration was generated following the requirements of the noted Standard version and is valid for a total of three years after date of issue or three months after a substantive change of product contents occurs. Users should verify that this Health Product Declaration is compliant with the most current version of the HPD Standard. Accuracy of claims made in this Health Product Declaration is the sole responsibility of the listed manufacturer and certifier (if applicable). The HPD Collaborative does not warrant any claim made herein, explicit or implicit. The HPD Standard is an “open standard” developed and managed by the HPD Collaborative, a nonprofit organization. For more information, visit hpdcollaborative.org.

CONTENT IN DESCENDING ORDER OF QUANTITY

All ingredients must be assessed for health warnings against Priority Hazard Lists, regardless of disclosure level.

Priority Hazard Lists and information on the GreenScreen Benchmarks can be found at www.hpdcollaborative.org/hazardlists.

GS: GreenScreen Benchmark; **RC:** Recycled Content, **PC:** Post Consumer, **PI:** Post Industrial (Pre-consumer), **BO:** Both; **Nano:** comprised of nanoscale particles or nanotechnology

Name	CAS RN	% weight	GS	RC	Nano	Role
Hazard A	Warning A					
Hazard B	Warning B					
Hazard C	Warning C					
Hazard D	Warning D					
Hazard E	Warning E					
Notes						
WATER	7732-18-5	95 - 99 %	4	U	N	Carrier
None found	No warnings found on HPD Priority lists					
Organofluorine compounds		1 - 5 %		U	N	Stain Guard
None found	No warnings found on HPD Priority lists					

CERTIFICATIONS AND COMPLIANCE

Certifying Party = First: Manufacturer’s self-declaration; Second: Verification by trade association or other interested party; Third: Verification by independent certifier (ideal).

Applicable facilities = Manufacturing sites to which testing applies.
