It's time to expect more from your bathroom. Aria partitions provide extreme privacy, many design choices, and innovative features. With millions of design combinations, your design experience will be anything but boring.

**STEP 1:** Pick your door design from the Door Panel Options Pages.

**STEP 2:** Pick your side panel design from the Side Panel Options Page.

BOTTOM SIDE PANEL: ___________________  PRICE GROUP: ___________________

**STEP 3:** Pick your color/texture combination for each component from the Main Color Options Page. These can all be the same or completely different to meet your design needs.

<td></td>
</tr>
</tbody>
</table>

*Must choose from standard color/texture combinations referencing the Texture Key or minimum quantities and up charges may apply for custom combinations.

**STEP 4:** Pick your optional trim color and pattern for each location from the Trim Color Options Page. Base trim is used at the floor. A chair rail is used in the center of the side panel and a trim piece can be used on the top of the stalls as well to provide your system with a spectacular finish.

<td></td>
</tr>
</tbody>
</table>

*Required on floor to ceiling configurations.

**STEP 5:** Pick your system height. The minimum height is 86” and the maximum is 110”. You can then add 5” trim to the 110” system to reach approximately 112” max height. Heights between 86” and 110” can also be chosen but brackets will need to be field cut to exact sizes.

☐ 86”  ☐ 110”  CUSTOM: ___________________

Is system designed to go to the ceiling? ☐ YES  ☐ NO  If yes, what is the floor to ceiling height? _______

**STEP 6:** Job Information
