To Whom it May Concern,

Cline Aluminum Doors has been partnering with ARCAT for almost 10 years. Over that time, we have found ARCAT to be an essential partner in establishing our online presence. Being a smaller family-owned business, ARCAT provides Cline the platform to host our content to their wide network of architects and engineers. Our account manager Chris Lemke has done an outstanding job keeping Cline up to date on ARCAT's latest features. He also monitors our analytics to make sure our account is being seen by as many potential users as possible. Cline Aluminum Doors would strongly recommend ARCAT to any company looking to reach architects and engineers and we look forward to continuing to do business with them in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Rubin".

Scott Rubin, VP

Cline Aluminum Doors, Inc.
